DPA PROACTIVE CREDIT PROTECTION GUIDE

The Due Process Advocate has established this inexpensive program for its members looking to increase their credit rating and credit scores with more control, more privacy, and more protection of their personal financial data and information. Other credit repair services often require your "blind trust" that your information will not be improperly sold or disclosed to third parties without your knowledge or consent. Moreover, you may be surprised to learn that, in the 5-year period from 2013 to 2017, the U.S. Government's Consumer Financial Protection Bureau received the top percentage of all complaints from individuals filing complaints against the major credit bureaus.

The **DPA PROACTIVE CREDIT PROTECTION GUIDE** is designed to be 100% proactive (no-one needs to be involved except you) and it is extremely inexpensive. **The total cost is a one-time payment of only \$20 with no further obligation.** If you are interested, please act now as this is a limited offer subject to change without notice. Simply mail the following information to the address shown above with your payment made payable to "The Due Process Advocate."

(PLEASE print clearly!)

- **Section II - The Pros and Cons of Various Strategies to Improve Your Credit Score**
- **Section III - A Summary of Your Rights Under the Fair Credit Reporting Act (from the CFPB)**
